

# The Cat's Ass Rainbow Coaster

by ReneeLalaLoops

**Size:** other One Size

*You can use any yarn remnants that you have in each of the 8 colours to achieve the rainbow affect. I used Impeccable yarn for the pink and Red Heart Super Saver yarn for the purple, blue, green, yellow, orange and red. You will join each round with a slip stitch to the first stitch of the round and begin the next round with a chain 1.*

*You will complete the first hdc of the next round in the same stitch as the join. I recommend that you pull each join and ch 1 tightly. You will finish off each colour and add a new colour at the end of each round. I recommend that you use the new colour as you are joining the round. You do this at the end of the round when you have one loop on your hook in the colour you've been using for the round, then you insert your hook into the first stitch, pull through a loop in the new colour, and ch 1 in the new colour. Pull the end of the previous colour tightly and finish off. You can tie a knot with the ends of the previous colour and new colour to hold the stitches tight. There*

*will be many ends to weave when completed. I recommend weaving the ends in once you are finished and not as you go so as not to distort the shape of the coaster.*
