I always work in rounds, so I recommend using a stitch marker to keep track of your rows. Sorry for any mistakes, English isn't my first language

Rounds 7-8: SC in each around. (36)

Slip stitch in the next 3 stitches. Fasten off and leave a long tail to sew on to the face.

Get a long piece of brown yarn. Sew the nose on about row 6. I make multiple passes (think 10-12) for this bear's nose. Try to use the same two holes when you go in and out. Use pins to attach it. For this bear, the snout will be more flat than full. Sew it around and very lightly stuff it.

Round 5: *INC, 3 SC. (30)

Cut yarn and fasten off. Leave long tail to sew. Fold in 2 to create an ear

Sewing everything together

When you sew the parts on the body/head, I recommend using pins to make sure everything is where you want and it stays in place when you start sewing.

Sew the mouth on the head. With black yarn, create a nose. Then create the brows to give expression to your teddy bear.

Sew the ears.

Sew the legs and the arms.

Enjoy!!!
